## Adequate Records

To meet the adequate records requirement, you must maintain an account book, diary, log, statement of expense, trip sheet, or similar record or other documentary evidence that, together with the receipt, is sufficient to establish each element of an expenditure or use. You do not have to record information in an account book, diary, or similar record if the information is already shown on the receipt. However, your records should back up your receipts in an orderly manner.

**Elements of expenditure or use.** Your records or other documentary evidence must support all the following.

- The amount of each separate expenditure, such as the cost of acquiring the item, maintenance and repair costs, capital improvement costs, lease payments, and any other expenses.

- The amount of each business and investment use (based on an appropriate measure, such as mileage for vehicles and time for other listed property), and the total use of the property for the tax year.
- The date of the expenditure or use.
- The business or investment purpose for the expenditure or use.

Written documents of your expenditure or use are generally better evidence than oral statements alone. You do not have to keep a daily log. However, some type of record containing the elements of an expenditure or the business or investment use of listed property made at or near the time of the expenditure or use and backed up by other documents is preferable to a statement you prepare later.

**Timeliness.** You must record the elements of an expenditure or use at the time you have full knowledge of the elements. An expense

account statement made from an account book, diary, or similar record prepared or maintained at or near the time of the expenditure or use is generally considered a timely record if, in the regular course of business:

- The statement is given by an employee to the employer, or
- The statement is given by an independent contractor to the client or customer.

For example, a log maintained on a weekly basis, that accounts for use during the week, will be considered a record made at or near the time of use.

**Business purpose supported.** Generally, an adequate record of business purpose must be in the form of a written statement. However, the amount of detail necessary to establish a business purpose depends on the facts and circumstances of each case. A written explanation of the business purpose will not

be required if the purpose can be determined from the surrounding facts and circumstances. For example, a salesperson visiting customers on an established sales route will not normally need a written explanation of the business purpose of their travel.

**Business use supported.** An adequate record contains enough information on each element of every business or investment use. The amount of detail required to support the use depends on the facts and circumstances. For example, a taxpayer who uses a truck for both business and personal purposes and whose only business use of the truck is to make customer deliveries on an established route can satisfy the requirement by recording the length of the route, including the total number of miles driven during the tax year and the date of each trip at or near the time of the trip.

Although you must generally prepare an adequate written record, you can prepare a

record of the business use of listed property in a computer memory device that uses a logging program.

**Separate or combined expenditures or uses.** Each use by you is normally considered a separate use. However, you can combine repeated uses as a single item.

Record each expenditure as a separate item. Do not combine it with other expenditures. If you choose, however, you can combine amounts you spent for the use of listed property during a tax year, such as for gasoline or automobile repairs. If you combine these expenses, you do not need to support the business purpose of each expense. Instead, you can divide the expenses based on the total business use of the listed property.

You can account for uses that can be considered part of a single use, such as a round trip or uninterrupted business use, by a

single record. For example, you can account for the use of a truck to make deliveries at several locations that begin and end at the business premises and can include a stop at the business in between deliveries by a single record of miles driven. You can account for the use of a passenger automobile by a salesperson for a business trip away from home over a period of time by a single record of miles traveled. Minimal personal use (such as a stop for lunch between two business stops) is not an interruption of business use.

**Confidential information.** If any of the information on the elements of an expenditure or use is confidential, you do not need to include it in the account book or similar record if you record it at or near the time of the expenditure or use. You must keep it elsewhere and make it available as support to the IRS director for your area on request.

**Substantial compliance.** If you have not fully supported a particular element of an expenditure or use, but have complied with the adequate records requirement for the expenditure or use to the satisfaction of the IRS director for your area, you can establish this element by any evidence the IRS director for your area deems adequate.

If you fail to establish to the satisfaction of the IRS director for your area that you have substantially complied with the adequate records requirement for an element of an expenditure or use, you must establish the element as follows.

- By your own oral or written statement containing detailed information as to the element.
- By other evidence sufficient to establish the element.

If the element is the cost or amount, time, place, or date of an expenditure or use, its

supporting evidence must be direct evidence, such as oral testimony by witnesses or a written statement setting forth detailed information about the element or the documentary evidence. If the element is the business purpose of an expenditure, its supporting evidence can be circumstantial evidence.

**Sampling.** You can maintain an adequate record for part of a tax year and use that record to support your business and investment use of listed property for the entire tax year if it can be shown by other evidence that the periods for which you maintain an adequate record are representative of the use throughout the year.

**Example 1.** You are a sole proprietor and calendar year taxpayer who operates an interior decorating business out of your home. You use your automobile for local business visits to the homes or offices of clients, for

meetings with suppliers and subcontractors, and to pick up and deliver items to clients. There is no other business use of the automobile, but you and family members also use it for personal purposes. You maintain adequate records for the first 3 months of the year showing that 75% of the automobile use was for business. Subcontractor invoices and paid bills show that your business continued at approximately the same rate for the rest of the year. If there is no change in circumstances, such as the purchase of a second car for exclusive use in your business, the determination that your combined business/investment use of the automobile for the tax year is 75% rests on sufficient supporting evidence.

***Example 2.*** Assume the same facts as in *Example 1*, except that you maintain adequate records during the first week of every month showing that 75% of your use of the automobile is for business. Your business

invoices show that your business continued at the same rate during the later weeks of each month so that your weekly records are representative of the automobile's business use throughout the month. The determination that your business/ investment use of the automobile for the tax year is 75% rests on sufficient supporting evidence.

**Example 3.** You are a sole proprietor and calendar year taxpayer who works as a sales representative in a large metropolitan area for a company that manufactures household products. For the first 3 weeks of each month, you occasionally used your own automobile for business travel within the metropolitan area. During these weeks, your business use of the automobile does not follow a consistent pattern. During the fourth week of each month, you delivered all business orders taken during the previous month. The business use of your automobile, as supported by adequate records, is 70% of its

total use during that fourth week. The determination based on the record maintained during the fourth week of the month that your business/investment use of the automobile for the tax year is 70% does not rest on sufficient supporting evidence because your use during that week is not representative of use during other periods.

**Loss of records.** When you establish that failure to produce adequate records is due to loss of the records through circumstances beyond your control, such as through fire, flood, earthquake, or other casualty, you have the right to support a deduction by reasonable reconstruction of your expenditures and use.

## **How Is Listed Property Information Reported?**

You must provide the information about your listed property requested in Section A of Part V of Form 4562, if you claim either of the following deductions.

- Any deduction for a vehicle.
- A depreciation deduction for any other listed property.

If you claim any deduction for a vehicle, you must also provide the information requested in Section B. If you provide the vehicle for your employee's use, the employee must give you this information. If you provide any vehicle for use by an employee, you must first answer the questions in Section C to see if you meet an exception to completing Section B for that vehicle.

**Vehicles used by your employees.** You do not have to complete Section B of Part V, for vehicles used by your employees who are not more-than-5% owners or related persons if you meet at least one of the following requirements.

1. You maintain a written policy statement that prohibits one of the following uses of the vehicles.

- a. All personal use, including commuting.
  - b. Personal use, other than commuting, by employees who are not officers, directors, or 1%-or-more owners.
- 2. You treat all use of the vehicles by your employees as personal use.
- 3. You provide more than five vehicles for use by your employees, and you keep in your records the information on their use given to you by the employees.
- 4. For demonstrator automobiles provided to full-time salespersons, you maintain a written policy statement that limits the total mileage outside the salesperson's normal working hours and prohibits use of the automobile by anyone else, for

vacation trips, or to store personal possessions.

**Exceptions.** If you file Form 2106, and you are not required to file Form 4562, report information about listed property on that form and not on Form 4562. Also, if you file Schedule C (Form 1040) and are claiming the standard mileage rate or actual vehicle expenses (except depreciation) and you are not required to file Form 4562 for any other reason, report vehicle information in Part IV of Schedule C and not on Form 4562.

preparation, e-filing, and direct deposit or payment options.

- **VITA.** The Volunteer Income Tax Assistance (VITA) program offers free tax help to people with low-to-moderate incomes, persons with disabilities, and limited-English-speaking taxpayers who need help preparing their own tax returns. Go to [IRS.gov/ VITA](https://www.irs.gov/VITA), download the free IRS2Go app, or call 800-906-9887 for information on free tax return preparation.
- **TCE.** The Tax Counseling for the Elderly (TCE) program offers free tax help for all taxpayers, particularly those who are 60 years of age and older. TCE volunteers specialize in answering questions about pensions and retirement-related issues unique to seniors. Go to [IRS.gov/TCE](https://www.irs.gov/TCE), or download the free IRS2Go app for information on free tax return preparation.

Also, the IRS offers Free Fillable Forms, which can be completed online and then e-filed regardless of income.

**Using online tools to help prepare your return.** Go to [IRS.gov/Tools](https://www.irs.gov/tools) for the following.

**Need someone to prepare your tax return?** There are various types of tax return preparers, including enrolled agents, certified public accountants (CPAs), accountants, and many others who don't have professional credentials. If you choose to have someone

prepare your tax return, choose that preparer wisely. A paid tax preparer is:

- Primarily responsible for the overall substantive accuracy of your return,
- Required to sign the return, and
- Required to include their preparer tax identification number (PTIN).

*Although the tax preparer always signs the return, you're ultimately responsible for providing all the information required for the preparer to accurately prepare your return and for the accuracy of every item reported on the return. Anyone paid to prepare tax returns for others should have a thorough understanding of tax matters. For more information on how to choose a tax preparer, go to [Tips for Choosing a Tax Preparer](#) on IRS.gov.*

**Employers can register to use Business Services Online.** The Social Security Administration (SSA) offers online service at

[SSA.gov/employer](https://ssa.gov/employer) for fast, free, and secure online W-2 filing options to CPAs, accountants, enrolled agents, and individuals who process Form W-2, Wage and Tax Statement, and Form W-2c, Corrected Wage and Tax Statement.

most recently filed tax return, and get your adjusted gross income. Create or access your online account at [IRS.gov/ Account](https://www.irs.gov/Account).

**Tax Pro Account.** This tool lets your tax professional submit an authorization request to access your individual taxpayer IRS online account. For more information, go to [IRS.gov/TaxProAccount](https://www.irs.gov/TaxProAccount).

**Using direct deposit.** The safest and easiest way to receive a tax refund is to e-file and choose direct deposit, which securely and electronically transfers your refund directly into your financial account. Direct deposit also avoids the possibility that your check could be lost, stolen, destroyed, or returned undeliverable to the IRS. Eight in 10 taxpayers use direct deposit to receive their refunds. If you don't have a bank account, go to [IRS.gov/ DirectDeposit](https://www.irs.gov/DirectDeposit) for more information on where to find a bank or credit union that can open an account online.

## **Reporting and resolving your tax-related identity theft issues.**

- Tax-related identity theft happens when someone steals your personal information to commit tax fraud. Your taxes can be affected if your SSN is used to file a fraudulent return or to claim a refund or credit.
- The IRS doesn't initiate contact with taxpayers by email, text messages (including shortened links), telephone calls, or social media channels to request or verify personal or financial information. This includes requests for personal identification numbers (PINs),
- passwords, or similar information for credit cards, banks, or other financial accounts.
- Go to [IRS.gov/IdentityTheft](https://www.irs.gov/identitytheft), the IRS Identity Theft Central webpage, for information on identity theft and data security protection for taxpayers, tax

professionals, and businesses. If your SSN has been lost or stolen or you suspect you're a victim of tax-related identity theft, you can learn what steps you should take.

- Get an Identity Protection PIN (IP PIN). IP PINs are six-digit numbers assigned to taxpayers to help prevent the misuse of their SSNs on fraudulent federal income tax returns. When you have an IP PIN, it prevents someone else from filing a tax return with your SSN. To learn more, go to [IRS.gov/IPPIN](https://www.irs.gov/ippin).

## **Ways to check on the status of your refund.**

- Go to [IRS.gov/Refunds](https://www.irs.gov/Refunds).
- Download the official IRS2Go app to your mobile device to check your refund status.
- Call the automated refund hotline at 800-829-1954.

*The IRS can't issue refunds before mid-February for returns that claimed the EIC or the additional child tax credit (ACTC). This applies to the entire refund, not just the portion associated with these credits.*

**Making a tax payment.** Payments of U.S. tax must be remitted to the IRS in U.S. dollars. [\*Digital assets\*](#) are **not** accepted. Go to [\*IRS.gov/Payments\*](#) for information on how to make a payment using any of the following options.

- [\*IRS Direct Pay\*](#): Pay your individual tax bill or estimated tax payment directly from your checking or savings account at no cost to you.
- [\*Debit Card, Credit Card, or Digital Wallet\*](#): Choose an approved payment processor to pay online or by phone.
- [\*Electronic Funds Withdrawal\*](#): Schedule a payment when filing your federal taxes

using tax return preparation software or through a tax professional.

- [Electronic Federal Tax Payment System](#): Best option for businesses. Enrollment is required.
- [Check or Money Order](#): Mail your payment to the address listed on the notice or instructions.
- [Cash](#): You may be able to pay your taxes with cash at a participating retail store.
- [Same-Day Wire](#): You may be able to do same-day wire from your financial institution. Contact your financial institution for availability, cost, and time frames.

**Note.** The IRS uses the latest encryption technology to ensure that the electronic payments you make online, by phone, or from a mobile device using the IRS2Go app are safe and secure. Paying electronically is

quick, easy, and faster than mailing in a check or money order.

**What if I can't pay now?** Go to [IRS.gov/Payments](https://www.irs.gov/Payments) for more information about your options.

- Apply for an [online payment agreement](https://www.irs.gov/OPA) ([IRS.gov/ OPA](https://www.irs.gov/OPA)) to meet your tax obligation in monthly installments if you can't pay your taxes in full today. Once you complete the online process, you will receive immediate notification of whether your agreement has been approved.
- Use the [Offer in Compromise Pre-Qualifier](https://www.irs.gov/OIC) to see if you can settle your tax debt for less than the full amount you owe. For more information on the Offer in Compromise program, go to [IRS.gov/OIC](https://www.irs.gov/OIC).

**Filing an amended return.** Go to [IRS.gov/Form1040X](https://www.irs.gov/Form1040X) for information and updates.

**Checking the status of your amended return.** Go to [IRS.gov/WMAR](https://www.irs.gov/WMAR) to track the status of Form 1040-X amended returns.

*It can take up to 3 weeks from the date you filed your amended return for it to show up in our system, and processing it can take up to 16 weeks.*

**Understanding an IRS notice or letter you've received.** Go to [IRS.gov/Notices](https://www.irs.gov/Notices) to find additional information about responding to an IRS notice or letter.

**Responding to an IRS notice or letter.** You can now upload responses to all notices and letters using the Document Upload Tool. For notices that require additional action, taxpayers will be redirected appropriately on IRS.gov to take further action. To learn more about the tool, go to [IRS.gov/Upload](https://www.irs.gov/Upload).

**Note.** You can use Schedule LEP (Form 1040), Request for Change in Language Preference, to state a preference to receive

notices, letters, or other written communications from the IRS in an alternative language. You may not immediately receive written communications in the requested language. The IRS's commitment to LEP taxpayers is part of a multi-year timeline that began providing translations in 2023. You will continue to receive communications, including notices and letters, in English until they are translated to your preferred language.

**Contacting your local TAC.** Keep in mind, many questions can be answered on IRS.gov without visiting a TAC. Go to [IRS.gov/LetUsHelp](https://www.irs.gov/LetUsHelp) for the topics people ask about most. If you still need help, TACs provide tax help when a tax issue can't be handled online or by phone. All TACs now provide service by appointment, so you'll know in advance that you can get the service you need without long wait times. Before you visit, go to [IRS.gov/TACLocator](https://www.irs.gov/TACLocator) to find the nearest TAC and to check hours, available

services, and appointment options. Or, on the IRS2Go app, under the Stay Connected tab, choose the Contact Us option and click on “Local Offices.”
