

Instructions for Form 941

(Rev. January 2006)

Employer's QUARTERLY Federal Tax Return

Section references are to the Internal Revenue Code unless otherwise indicated.

Department of the Treasury
Internal Revenue Service

What's New

Alternative signature method. Effective with returns filed after June 2005, corporate officers or duly authorized agents may sign Form 941 by rubber stamp, mechanical device, or computer software program. For details and required documentation, see Rev. Proc. 2005-39. You can find Rev. Proc. 2005-39 on page 82 of Internal Revenue Bulletin 2005-28 at www.irs.gov/pub/irs-irbs/irb05-28.pdf.

Annual employment tax filing for small employers. For calendar year 2006, certain small employers will be qualified to file Form 944, Employer's ANNUAL Federal Tax Return, rather than Form 941, Employer's QUARTERLY Federal Tax Return, to report their employment taxes. The IRS will notify those who will qualify to file the form beginning in February 2006. For more information, get the Instructions for Form 944.

Credit card payments. Beginning in 2006, employers can pay the balance due shown on Form 941 by credit card. However, **do not** use a credit card to make federal tax deposits. For more information on paying your taxes with a credit card, visit the IRS website at www.irs.gov and type "e-pay" in the *Search* box.

Social security wage base for 2006. Do not withhold social security tax after an employee reaches \$94,200 in social security wages. (There is no limit on the amount of wages subject to Medicare tax.)

Reminders

Correcting Form 941. If you discover an error on a previously filed Form 941, make the correction using Form 941 for the quarter in which you discovered the error and attach Form 941c, Supporting Statement to Correct Information. For example, in March 2006, you discover that you underreported \$10,000 in social security and Medicare wages on your fourth quarter 2005 Form 941. Correct the error by showing \$1,530 ($15.3\% \times \$10,000$) on line 7e of your 2006 first quarter Form 941 and attaching a completed Form 941c. Be sure to include the \$1,530 in any required tax deposit.

Electronic filing and payment. Now, more than ever before, businesses can enjoy the benefits of filing and paying their federal taxes electronically. Whether you rely on a tax professional or handle your own taxes, IRS offers you convenient programs to make filing and paying easier. Spend less time and worry on taxes and more time running your business. Use e-file and Electronic Federal Tax Payment System (EFTPS) to your benefit.

- For e-file, visit www.irs.gov for additional information.
- For EFTPS, visit www.eftps.gov or call EFTPS Customer Service at 1-800-555-4477, 1-800-733-4829 (TDD), or 1-800-244-4829 (Spanish).

941TeleFile discontinued. You are no longer able to file your employment tax return by telephone using 941TeleFile. The IRS encourages you to file your Form 941 using other convenient and easy IRS e-file options. Please visit us at www.irs.gov and click on the e-file logo located in the lower-left corner. File your "Zero Wage" Forms 941 using IRS e-file, if possible. See also *When Must You File?* on page 2.

Where can you get telephone help? You can call the IRS toll free at 1-800-829-4933 on Monday through Friday from 7 a.m. to 10 p.m. local time (Alaska and Hawaii follow Pacific time) to order tax deposit coupons (Form 8109) and for answers to your questions about completing Form 941, tax deposit rules, or obtaining an employer identification number (EIN).

Photographs of missing children. The Internal Revenue Service is a proud partner with the National Center for Missing and Exploited Children. Photographs of missing children selected by the Center may appear in instructions on pages that would otherwise be blank. You can help bring these children home by looking at the photographs and calling 1-800-THE-LOST (1-800-843-5678) if you recognize a child.

General Instructions: Understanding Form 941

Purpose of Form 941

These instructions give you some background information about Form 941, Employer's QUARTERLY Federal Tax Return. They tell you who must file the form, how to fill it out line by line, and when and where to file it.

If you want more in-depth information about payroll tax topics relating to Form 941, see Pub. 15 (Circular E), Employer's Tax Guide, or visit the IRS website at www.irs.gov and type "Employment Tax" in the *Search* box.

Federal law requires you, as an employer, to withhold taxes from your employees' paychecks. Each time you pay wages, you must withhold – or take out of your employees' paychecks – certain amounts for federal income tax, social security tax, and Medicare tax. Under the withholding system, taxes withheld from your employees are credited to your employees in payment of their tax liabilities.

Federal law also requires employers to pay any liability for the employer's portion of social security and Medicare taxes. This portion of social security and Medicare taxes is not withheld from employees.

Use Form 941 to report:

- payroll taxes (withheld federal income tax and both employee and employer shares of social security and Medicare taxes) for the quarter;
- current quarter's adjustments to social security and Medicare taxes for fractions of cents, sick pay, tips, and group-term life insurance; and
- prior quarters' adjustments to payroll taxes (attach Form 941c).

Do not use the Form 941 to report backup withholding or income tax withholding on **nonpayroll** payments such as pensions, annuities, and gambling winnings. Report these types of withholding on Form 945, Annual Return of Withheld Federal Income Tax.

Who Must File Form 941?

If you are an employer, you must file a quarterly Form 941 to report:

- wages you have paid,
- tips your employees have received,
- federal income tax you withheld,
- both the employer's and the employee's share of social security and Medicare taxes, and
- advance earned income tax credit (EIC) payments.

After you file your first Form 941, you must file a return for each quarter even if you have no taxes to report unless you filed a **final return** or one of the exceptions (below) applies.

Exceptions

Special rules apply to some employers.

- **Seasonal employers** are not required to file a Form 941 for quarters when they have no tax liability because they have paid no wages. To tell the IRS that you will not file a return for one or more quarters during the year, check the box on line 17 **every quarter** you file the form. See section 12 of Pub. 15 (Circular E) for more information.
- Employers of **household employees** do not usually file Form 941. See Pub. 926, Household Employer's Tax Guide, and Schedule H (Form 1040), Household Employment Taxes, for more information.
- Employers of **farm employees** do not usually file Form 941. See Form 943, Employer's Annual Tax Return for Agricultural Employees, and Pub. 51 (Circular A), Agricultural Employer's Tax Guide.

*If none of the above exceptions applies and you have not filed a final return, you **must** file Form 941 each quarter even if you did not pay wages during the quarter. Use IRS e-file, if possible.*

What if you reorganize or close your business?

If you sell or transfer your business . . .

If you sell or transfer your business, you and the new owner must each file a Form 941 for the quarter in which the transfer occurred. Report only the wages you paid.

When two businesses merge, the continuing firm must file a return for the quarter in which the change took place and the other firm should file a **final return**.

Changing from one form of business to another—such as from a sole proprietorship to a partnership or corporation—is considered a transfer. See section 1 of Pub. 15 (Circular E). If a transfer occurs, you may need a new employer identification number (EIN). Attach a statement to your return with:

- the new owner's name (or the new name of the business),
- whether the business is now a sole proprietorship, partnership, or corporation;
- the kind of change that occurred (a sale or transfer);
- the date of the change; and
- the name of the person keeping the payroll records and the address where those records will be kept.

If your business has closed . . .

If you go out of business or stop paying wages to your employees, you must file a **final return**. To tell the IRS that the form for a particular quarter is your final return, check the box on line 16 and enter the date that you last paid wages. Also attach a statement to your return showing the name of the person keeping the payroll records and the address where those records will be kept.

See the Instructions for Forms W-2 and W-3 for information about earlier dates for the expedited furnishing and filing of Forms W-2 when a final Form 941 is filed.

If you participated in a statutory merger or consolidation, or qualify for predecessor-successor status due to an acquisition, you should generally file Schedule D (Form 941), Report of Discrepancies Caused by Acquisitions, Statutory Mergers, or Consolidations. See the Instructions

for Schedule D (Form 941) to determine whether you should file Schedule D (Form 941) and when you should file it.

When Must You File?

File your initial Form 941 for the quarter in which you first paid wages that are subject to social security and Medicare taxes or subject to federal income tax withholding. See the table below titled, *When To File Form 941*.

Then you must file for every quarter after that—every 3 months—even if you have no taxes to report (unless you are a seasonal employer or are filing your final return. See *Seasonal employers* on page 1 and *If your business has closed . . .* above).

File Form 941 only once for each quarter. If you filed electronically, do not also file a paper Form 941. For more information about filing Form 941 electronically, see *Electronic Filing and Payment* on page 1.

When To File Form 941

Your Form 941 is due by the last day of the month that follows the end of the quarter.		
The Quarter Includes . . .	Quarter Ends	Form 941 Is Due
1. January, February, March	March 31	April 30
2. April, May, June	June 30	July 31
3. July, August, September	September 30	October 31
4. October, November, December	December 31	January 31

For example, generally you must report wages you pay during the first quarter—which is January through March—by April 30th. If you made deposits in full payment of your taxes for a quarter, you have 10 more days after the due dates shown above to file your Form 941.

We consider your form filed on time if it is properly addressed and mailed First-Class or if it is sent by an IRS-designated delivery service on or before the due date. See Pub. 15 (Circular E) for more information on IRS-designated delivery services.

If any due date for filing shown above falls on a Saturday, Sunday, or legal holiday, you may file your return on the next business day.

How Should You Complete Form 941?

Review Your Business Information at the Top of the Form

If you are using a copy of Form 941 that has your business name and address preprinted at the top of the form, check to make sure that the information is correct. Carefully review your EIN to make sure that it exactly matches the EIN assigned to your business by the IRS. If any information is incorrect, cross it out and type or print the correct information. See also *If you change your name or address...* on page 3.

If you pay a tax preparer to fill out Form 941, make sure the preparer uses your business name and EIN **exactly** as they appear on the preprinted form we sent you.

If you are not using a preprinted Form 941, type or print your EIN, name, and address in the spaces provided. You **must** enter your name and EIN here on the top of the form and on the top of page 2; and, if you complete and return Form 941-V, Payment Voucher, on the Form 941-V. **Do not** use your social security number (SSN) or individual taxpayer identification number (ITIN). Generally, enter the business (legal) name that you used when you applied for your EIN on Form SS-4, Application for Employer Identification Number. For example, if you are a sole proprietor, enter "Ronald Smith" on the "Name" line and "Ron's Cycles" on

the "Trade name" line. Leave the "Trade name" line blank if it is the same as your "Name."

Employer identification number (EIN). To make sure that businesses comply with federal tax laws, the IRS monitors tax filings and payments by using a numerical system to identify taxpayers. A unique 9-digit employer identification number (EIN) is assigned to all corporations, partnerships, and some sole proprietors. Businesses needing an EIN must apply for a number and use it throughout the life of the business on all tax returns, payments, and reports.

Your business should have only one EIN. If you have more than one and are not sure which one to use, write to the IRS office where you file your returns "Without a payment" or call the IRS Business and Specialty Tax Line at 1-800-829-4933.

If you do not have an EIN, apply for one from the IRS by mail, by telephone, by fax, or by visiting the IRS website at www.irs.gov/smallbiz. Request Form SS-4, Application for Employer Identification Number. If you do not have an EIN by the time a return is due, write "Applied For" and the date you applied in the space shown for the number.

Always be sure the EIN on the form you file exactly matches the EIN that IRS assigned to your business. Do not use your social security number on forms that ask for an EIN. Filing a Form 941 with an incorrect EIN or using another business's EIN may result in penalties and delays in processing your return.

If you change your name or address... Notify the IRS **immediately** if you change your business name or address.

- Write to the IRS office where you would file your return "Without a payment" to notify the IRS of any name change. (Get Pub. 1635, Understanding Your EIN, to see if you need to also apply for a new EIN.)
- Complete and mail Form 8822, Change of Address, for any address change.

Check the Box for the Quarter

Under "Report for this Quarter" at the top of the form, check the appropriate box of the quarter for which you are filing. Make sure that the quarter checked is the same as shown on any attached Schedule B (Form 941), Report of Tax Liability for Semiweekly Schedule Depositors.

Completing and Filing Form 941

Make entries on Form 941 as follows to enable accurate scanning and processing.

- Use 12-point Courier font (if possible) for all entries if you are typing or using a computer to fill out your form.
- Omit dollar signs and decimal points. Commas are optional. (Report dollars to the left of the preprinted decimal point and cents to the right of it.)
- Leave blank any data field (except lines 1, 2, and 10) with a value of zero.
- Enter negative amounts in parentheses (if possible). Otherwise, use a minus sign.
- Enter your name and EIN on **all** pages and attachments. (Filers using the IRS-preaddressed Form 941 are not required to enter their name and EIN on page 2.)

Other Forms That You Must Use

Give each eligible employee Notice 797, Possible Federal Tax Refund Due to the Earned Income Credit (EIC). Then each eligible employee who wishes to receive any advance earned income credit (EIC) payments must give you a completed Form W-5, Earned Income Credit Advance Payment Certificate. For more information, see section 10 of Pub. 15 (Circular E) and also Pub. 596, Earned Income Credit.

Reconciling Forms 941 and Form W-3

The IRS matches amounts reported on your four quarterly Forms 941 with Form W-2 amounts totaled on your yearly Form W-3, Transmittal of Wage and Tax Statements. If the

amounts do not agree, you may be contacted by the IRS. The reconciled amounts are:

- federal income tax withholding,
- social security wages,
- social security tips,
- Medicare wages and tips, and
- advance earned income credit (EIC) payments.

For more information, see section 12 of Pub. 15 (Circular E). See also the Instructions for Schedule D (Form 941), Report of Discrepancies Caused by Acquisitions, Statutory Mergers, or Consolidations.

Depositing Your Taxes: When Must You Deposit Your Taxes?

Determine if you are a monthly or semiweekly schedule depositor for the quarter.

The IRS uses two different sets of deposit rules to determine when businesses must deposit their social security, Medicare, and withheld federal income taxes. These schedules tell you when a deposit is due after you have a payday.

Your deposit schedule is not determined by how often you pay your employees. Your deposit schedule depends on the total tax liability you reported on Form 941 during the previous four-quarter **lookback period** (July 1 of the second preceding calendar year through June 30 of last year). See section 11 of Pub. 15 (Circular E) for details.

Before the beginning of each calendar year, determine which type of deposit schedule you must use. If you reported:

- \$50,000 or less in taxes during the lookback period, you are a **monthly schedule depositor**. Check the appropriate box on line 15 and, if your tax liability for the quarter was \$2,500 or more, fill out the tax liability for each month in the quarter.
- more than \$50,000 of taxes for the lookback period, you are a **semiweekly schedule depositor**. Check the appropriate box on line 15 and, if your tax liability for the quarter was \$2,500 or more, fill out Schedule B (Form 941) and attach it to Form 941 when you submit it.

See section 11 of Pub. 15 (Circular E) for the Next Day Deposit Rule on taxes of \$100,000 or more accumulated on any day during the deposit period.

How Must You Deposit Your Taxes?

You may be required to deposit the federal income taxes you withheld and both the employer and employee social security taxes and Medicare taxes. If your total taxes after adjustment for advance EIC (line 10) are:

- **Less than \$2,500 for the quarter.** You are not required to make a deposit, and you may pay the taxes in full with a timely filed return. However, if you are unsure that your taxes will be less than \$2,500 for the quarter, deposit your taxes using the appropriate rules (above) to avoid failure to deposit penalties.
- **\$2,500 or more for the quarter.** You must deposit your taxes by using the Electronic Federal Tax Payment System (EFTPS) or by depositing them at a financial institution that is authorized to accept federal tax deposits (that is, authorized depository) with Form 8109, Federal Tax Deposit Coupon. See section 11 of Pub. 15 (Circular E) for more information.

*EFTPS is an easy, safe, and convenient way for all employers to make their tax deposits. Using EFTPS helps eliminate errors commonly made on federal tax deposit (FTD) coupons. **Some taxpayers are required to***

use EFTPS to deposit their taxes. See section 11 of Pub. 15 (Circular E) for details.

What About Penalties and Interest?

Avoiding penalties and interest

You can avoid paying penalties and interest if you:

- deposit your taxes when they are due using EFTPS if required,
- file your fully completed Form 941 on time,
- report your tax liability accurately,
- submit valid checks to the IRS,
- furnish accurate Forms W-2 to employees, and
- file Copies A of Form W-2 with the Social Security Administration (SSA) on time and accurately.

Penalties and interest are charged on taxes paid late and returns filed late at a rate set by law. See sections 11 and 12 of Pub. 15 (Circular E) for details.

Use Form 843, Claim for Refund and Request for Abatement, to request abatement of assessed penalties or interest. **Do not** request abatement of assessed penalties or interest on Form 941 or Form 941c, Supporting Statement To Correct Information.

A trust fund recovery penalty may apply if federal income, social security, and Medicare taxes that must be withheld are not withheld or paid. The penalty is the full amount of the unpaid trust fund tax. This penalty may apply when these unpaid taxes cannot be collected from the employer. The trust fund recovery penalty may be imposed on all people the IRS determines to be responsible for collecting, accounting for, and paying these taxes, and who acted willfully in not doing so. For details, see section 11 of Pub. 15 (Circular E).

Where Should You File?

Where you file depends on whether you include a payment with your form.

If you are in . . .		Without a payment . . .	With a payment . . .

Your filing or payment address may have changed from prior years. If you are using an IRS-provided envelope, use only the labels and envelope provided with this tax package. Do not send Form 941 or any payments to the Social Security Administration (SSA).

Specific Instructions:

Part 1: Answer these questions for this quarter.

1. Number of employees who received wages, tips, or other compensation this quarter

Tell us the number of employees on your payroll for the pay period including March 12, June 12, September 12, or December 12 **for the quarter indicated** at the top of the return. Do not include:

- household employees,
- employees in nonpay status for the pay period,
- pensioners, or
- active members of the Armed Forces.

If you enter "250" or more on line 1, you must file Forms W-2 electronically. For details, call the SSA at 1-800-772-6270 or visit SSA's Employer Reporting Instructions and Information website at www.socialsecurity.gov/employer.

2. Wages, tips, and other compensation

Enter amounts on line 2 that would also be included in box 1 of your employees' Forms W-2. See the Instructions for Forms W-2 and W-3 for details.

If you are an insurance company, do not include sick pay that you paid to policyholders' employees here if you gave the policyholders timely notice of the payments.

3. Total income tax withheld from wages, tips, and other compensation

Enter the federal income tax that you withheld (or were required to withhold) from your employees on this quarter's wages, tips, taxable fringe benefits, and supplemental unemployment compensation benefits. Also include here any excise taxes that you were required to withhold on golden parachute payments (section 4999).

If you are an insurance company, enter the federal income tax that you withheld (or were required to withhold) on third-party sick pay here.

4. If no wages, tips, and other compensation on line 2 are subject to social security or Medicare tax . . .

If no wages, tips, and other compensation on line 2 are subject to social security or Medicare tax, check the box on line 4. If this question does not apply to you, leave the box blank. For more information about exempt wages, see section 15 of Pub. 15 (Circular E) and section 4 of Pub. 15-A, Employer's Supplemental Tax Guide.

If you are a government employer, wages that you pay are not automatically exempt from social security and Medicare taxes. Your employees may be covered by law or by a voluntary Section 218 Agreement with SSA. For more information, see Pub. 963, Federal-State Reference Guide.

line 5a (column 2)
line 5b (column 2)
+ line 5c (column 2)
line 5d

5. Taxable social security and Medicare wages and tips

5a. Taxable social security wages. Report the total wages, sick pay, or fringe benefits subject to social security taxes that you paid to your employees during the quarter. For this purpose, sick pay includes payments made by an insurance company to your employees for which you received timely notice from the insurance company. See Section 6 in Pub. 15-A for more information about sick pay reporting.

Enter the amount before deductions. **Do not** include tips on this line. For information on types of wages subject to social security taxes, see section 5 of Pub. 15 (Circular E).

The rate of social security tax on taxable wages is 6.2 percent (.062) each for the employer and employee or 12.4 percent (.124) for both. Stop paying social security tax on and reporting an employee's wages on line 5a when the employee's taxable wages (including tips) reach \$94,200 during 2006. However, continue to withhold income and Medicare taxes for the whole year on wages and tips even when the social security wage base of \$94,200 has been reached.

line 5a (column 1)
x .124
line 5a (column 2)

5b. Taxable social security tips. Enter all tips your employees reported to you during the quarter until the total of the tips and wages for an employee reach \$94,200 in 2006. Do this even if you were unable to withhold the employee tax of 6.2%.

An employee must report cash tips to you, including tips you paid the employee for charge customers, totaling \$20 or more in a month by the 10th of the next month. Employees may use Form 4070, Employee's Report of Tips to Employer, or submit a written statement or electronic tip record.

Do not include allocated tips on this line. Instead, report them on Form 8027, Employer's Annual Information Return of Tip Income and Allocated Tips. Allocated tips are not reportable on Form 941 and are not subject to withholding of federal income, social security, or Medicare taxes.

line 5b (column 1)
x .124
line 5b (column 2)

5c. Taxable Medicare wages and tips. Report all wages, tips, sick pay, and taxable fringe benefits that are subject to Medicare tax. Unlike social security wages, there is no limit on the amount of wages subject to Medicare tax.

Include all tips your employees reported during the quarter, even if you were unable to withhold the employee tax of 1.45%.

line 5c (column 1)
x .029
line 5c (column 2)

For more information, see section 6 of Pub. 15 (Circular E).

5d. Total social security and Medicare taxes. Add the social security tax, social security tips tax, and Medicare tax.

6. Total taxes before adjustments

Add the total federal income tax withheld from wages, tips, and other compensation and total social security and Medicare taxes before adjustments.

line 3
+ line 5d
line 6

7. TAX ADJUSTMENTS

Enter **tax amounts** on lines 7a–7g that result from current or prior period adjustments. Use parentheses (if possible) to show an adjustment that decreases the total taxes shown on line 6. Otherwise, use a minus sign. **Do not** enter an amount on line 7f or line 7g unless the IRS has sent you a notice instructing you to do so.

Current period adjustments. In certain cases, you must adjust the amounts you reported as social security and Medicare taxes in column 2 of lines 5a, 5b, and 5c to figure your correct tax liability for this quarter's Form 941. See section 13 of Pub. 15 (Circular E). **Do not** attach Form 941c or an equivalent statement for current period adjustments.

If you need to adjust any amount previously reported on lines 7a–7c, use line 7e to report the adjustment and attach Form 941c or an equivalent statement with an explanation.

7a. Current quarter's fractions of cents. Enter adjustments for fractions of cents (due to rounding) relating to the employee share of social security and Medicare taxes withheld. The employee share (one-half) of amounts shown in column 2 of lines 5a–5c may differ slightly from amounts actually withheld from employees' paychecks due to the rounding of social security and Medicare taxes based on statutory rates.

7b. Current quarter's sick pay. Enter the adjustment for the employee share of social security and Medicare taxes that were withheld by your third-party sick pay payer.

7c. Current quarter's adjustments for tips and group-term life insurance. Enter adjustments for:

- any uncollected employee share of social security and Medicare taxes on tips and
- the uncollected employee share of social security and Medicare taxes on group-term life insurance premiums paid for former employees.

Prior period adjustments. Use lines 7d–7g to adjust amounts reported on **previous returns**. If you need to report both an increase and a decrease for the same line, show only the difference.

Adjustments you report here change your tax liability and your tax deposits. You will have to take these adjustments into account on line 15 as Tax liability: Month 1; Month 2; Month 3 or on Schedule B (Form 941). **You must explain any prior period adjustments that you make on Form 941c**, Supporting Statement to Correct Information, or in an equivalent statement.

Form 941c is **not** an amended return but is a statement providing the necessary information and certifications for adjustments shown on lines 7d–7g. **Do not** file Form 941c separately from Form 941. See also section 13 of Pub. 15 (Circular E).

7d. Current year's income tax withholding. Enter adjustments for the **current year's** federal income tax withholding. For example, if you made a mistake when withholding federal income tax from wages that were **paid in earlier quarters of the same calendar year**, adjust it here. However, see the CAUTION below for adjustment of a prior year's "administrative error" also shown on line 7d.

You cannot adjust or claim a refund or credit for any overpayment of federal income tax that you withheld or deducted from your employees in a previous year because employees use the amount shown on Form W-2 as a credit when they file their income tax returns.

Do not adjust federal income tax withholding for quarters in previous years unless you do it to correct an administrative error. An administrative error happened if the amount you entered on Form 941 was not the same amount you actually withheld. For example, when the total amount of federal income tax actually withheld was not reported correctly on Form 941 because of a mathematical or transposition error, the difference is an administrative error. The administrative error adjustment corrects the amounts reported on the Form 941 to agree with the amount actually withheld from the employee. Remember to attach an explanation for the adjustment.

7e. Prior quarters' social security and Medicare taxes. Enter adjustments for prior quarters' social security and Medicare taxes. For example, if you made a mistake when reporting social security and Medicare taxes on previously filed Forms 941, adjust it here. If you need to report both an underpayment and an overpayment, show only the net difference.

If you are adjusting an employee's social security wages, social security tips, or Medicare wages and tips for a prior year, you must also file Form W-2c, Corrected Wage and Tax Statement, and Form W-3c, Transmittal of Corrected Wage and Tax Statements.

7f. Special additions to federal income tax. This line is reserved for employers with special circumstances. Use this line **only** if the IRS has sent you a notice instructing you to do so. You **must** attach Form 941c explaining the tax increase.

7g. Special additions to social security and Medicare. This line is reserved for employers with special circumstances. Use this line **only** if the IRS has sent you a notice instructing you to do so. You **must** attach Form 941c explaining the tax increase.

7h. TOTAL ADJUSTMENTS. Combine all adjustments shown on lines 7a through 7g and enter the result here.

8. Total Taxes After Adjustments

Combine the amounts shown on lines 6 and 7h and enter the result here.

9. Advance Earned Income Credit (EIC) Payments Made to Employees

Enter the amount of the advance earned income credit (EIC) payments that you made to your employees. Eligible employees may choose to receive part of the EIC as an advance payment. Those who expect to have a qualifying child must give you a completed Form W-5 stating they expect to qualify for the EIC. Once the employee gives you a signed and completed Form W-5 you must make the advance EIC payments starting with the employee's next wage payment. Advance EIC payments are generally made from withheld federal income tax and employee and employer social security and Medicare taxes. See section 10 of Pub. 15 (Circular E) and Pub. 596, Earned Income Credit.

If the amount of your advance EIC payments is more than your total taxes after adjustments (line 8) for the quarter, you may claim a refund of the overpayment or elect to have the credit applied to your return for the next quarter. Attach a statement to your Form 941 identifying the amount of excess payments and the pay periods in which you paid it. See section 10 of Pub. 15 (Circular E).

10. Total Taxes After Adjustment for Advance EIC

Calculate your total taxes as shown below.

line 8
- line 9
line 10

- If line 10 is less than \$2,500, you may pay the full amount with a timely filed return because you were not required to deposit. See section 11 of Pub. 15 (Circular E) for information and rules about federal tax deposits.
- If line 10 is \$2,500 or more, you **must deposit** your tax liabilities by using the Electronic Federal Tax Payment System (EFTPS) or at an authorized financial institution with Form 8109. The amount shown on line 10 **must** equal the "Total liability for quarter" shown on Form 941, line 15 or the "Total liability for the quarter" shown on Schedule B (Form 941).

If you are a semiweekly depositor, you must complete Schedule B (Form 941). If you fail to complete and submit Schedule B (Form 941), IRS will assert deposit penalties based on available information.

11. Total Deposits for This Quarter

Enter your deposits for this quarter, including any deposits that you were required to make to cover prior period liabilities resulting from adjustments shown on line 7. Also include in the amount shown any overpayment from a previous period that you applied to this return.

12. Balance Due

If line 10 is more than line 11, write the difference in line 12. Otherwise, see *Overpayment* below.

You do not have to pay if line 12 is under \$1. Generally, you should have a balance due only if your total taxes after adjustment for advance EIC for the quarter (line 10) are less than \$2,500. (However, see section 11 of Pub. 15 (Circular E) for information about payments made under the **accuracy of deposits rule**.)

You may pay the amount shown on line 12 using EFTPS or credit card. **Do not** use a credit card to pay taxes that were required to be deposited. For more information on paying your taxes with a credit card, visit the IRS website at www.irs.gov and type "e-pay" in the *Search* box.

If you pay by EFTPS or credit card, file your return using the "Without a payment" address on page 4 under *Where should you file?* and **do not** file Form 941-V, Payment Voucher.

If line 10 is \$2,500 or more and you have deposited all taxes when due, line 12 ("Balance due") should be zero.

If you do not deposit as required and, instead, pay the taxes with Form 941, you may be subject to a penalty.

13. Overpayment

If line 11 is more than line 10, write the amount in line 13. **Never** make an entry in both lines 12 and 13.

If you deposited more than the correct amount for a quarter, you can choose to have us either refund the overpayment or apply it to your next return. Check the appropriate box in line 13. If you do not check either box, we will automatically refund the overpayment. We may apply your overpayment to any past due tax account that is shown in our records under your EIN.

If line 13 is under \$1, we will send a refund or apply it to your next return only if you ask us in writing to do so.

Fill out both pages.

You **must** fill out both pages of Form 941 and sign it on the second page. Failure to do so may delay processing of your return.

Part 2: Tell us about your deposit schedule and tax liability for this quarter.

14. State abbreviation

In the spaces provided, write the two-letter U.S. Postal Service abbreviation for the state where you deposit your taxes using Form 8109 or initiate EFTPS transfers. IRS uses the state shown to determine banking days for purposes of deposit due dates. Official state holidays for the state shown are not counted as banking days. If you deposit in multiple states, enter "MU" in the spaces provided.

When you deposit in multiple states, IRS cannot determine what portion of your liability was affected by a state holiday and may propose a deposit penalty for one or more of the states where you made deposits. If you receive a notice and your deposit due date was extended because of a state bank holiday, respond to the notice citing the state holiday and applicable deposit amount.

15. Check one:

- If line 10 is less than \$2,500, check the appropriate box in line 15 and go to Part 3.
- If you reported \$50,000 or less in taxes during the lookback period (see below), you are a **monthly schedule depositor** unless the *\$100,000 Next-Day Deposit Rule* discussed in section 11 of Pub. 15 (Circular E) applies. Check the appropriate box on line 15 and fill out your tax liability for each month in the quarter.

+ Month 1
+ Month 2
+ Month 3
Total tax liability for quarter

Note that your total tax liability for the quarter must equal your total taxes shown on line 10. If it does not, your tax deposits and payments may not be counted as timely.

You are a **monthly schedule depositor** for the calendar year if the amount of your Form 941 taxes reported for the lookback period is \$50,000 or less. The **lookback period** is the four consecutive quarters ending on June 30 of the prior year. For 2006, the lookback period begins July 1, 2004, and ends June 30, 2005. For details on the deposit rules, see section 11 of Pub. 15 (Circular E).

CAUTION This is a summary of your monthly **tax liability**, not a summary of deposits you made. If you do not properly report your liabilities when required or if you are a **semiweekly schedule depositor** and report your liabilities on line 15 instead of on Schedule B (Form 941), you may be assessed an "averaged" failure-to-deposit (FTD) penalty. See Deposit Penalties in section 11 of Pub. 15 (Circular E) for more information.

- If you reported more than \$50,000 of taxes for the lookback period (see above), you are a **semiweekly schedule depositor**. Check the appropriate box on line 15.

You **must** complete Schedule B (Form 941) and submit it with your Form 941. **Do not** use Schedule B (Form 941) if you are a monthly schedule depositor.

Reporting adjustments on line 15. If your tax liability for any month is negative (for example, if you are adjusting an overreported liability in a prior period), do not enter a negative amount for the month. Instead, enter zero for the

month and subtract that negative amount from your tax liability for the next month.

Here's an example:

Pine Co. discovered on February 6, 2006, that it overreported social security tax on a prior quarter return by \$2,500. Its Form 941 taxes for the first quarter of 2006 were:

January =	\$2,000
February =	\$2,000
March =	\$2,000

Pine Co. reports liabilities on line 15 as follows:

Month 1 =	\$2,000
Month 2 =	0
Month 3 =	+\$1,500
Total	\$3,500

The prior period adjustment (\$2,500) offsets the \$2,000 liability for February and the excess \$500 must be used to offset March liabilities. Since the error was not discovered until February, it does not affect January liabilities reported in Month 1 of line 15.

Using the above example, if the overreported social security tax on a prior quarter return had been \$10,000, Pine Co. could carry the excess negative adjustment of \$6,000 (\$10,000 - \$2,000 - \$2,000) to the next quarter. Pine Co. would only report \$4,000 of the adjustment on line 7e because line 10 must equal the total shown in line 15. See Form 941c for reporting requirements and information on the option of filing a claim for refund of overpaid employment taxes.

Part 3: Tell us about your business.

In Part 3, answer only those questions that apply to your business. If the questions do not apply, leave them blank and go to Part 4.

16. If Your Business Has Closed . . .

If you go out of business or stop paying wages, you must file a **final return**. To tell IRS that a particular Form 941 is your final return, check the box on line 16 and enter the date you last paid wages in the space provided. For additional filing requirements, see *If your business has closed...* on page 2.

17. If You Are a Seasonal Employer . . .

If you hire employees seasonally—such as for summer or winter only—check the box on line 17. Checking the box tells IRS not to expect four Forms 941 from you throughout the year because you have not paid wages regularly.

IRS will mail you two forms once a year after March 1. Generally, we will not ask about unfiled returns if you file at least one return showing tax due each year. However, you must check the box **every time** you file a Form 941.

Also, when you fill out Form 941, be sure to check the box on the top of the form that corresponds to the quarter reported.

Part 4: May we speak with your third-party designee?

If you want to allow an employee, a paid tax preparer, or another person to discuss your Form 941 with the IRS, check the "Yes" box in Part 4. Then tell us the name, phone number, and the five-digit personal identification number (PIN) of the specific person to speak with—not the name of the firm who prepared your tax return. The designee may choose any five numbers as his or her PIN.

By checking "Yes," you authorize the IRS to talk to the person you named (your designee) about any questions we may have while we process your return. You also authorize your designee to:

- give us any information that is missing from your return,
- call us for information about processing your return, and
- respond to certain IRS notices that you have shared with your designee about math errors and return preparation. IRS will **not** send notices to your designee.

You are **not authorizing** your designee to bind you to anything (including additional tax liability) or to otherwise represent you before the IRS. If you want to expand your designee's authorization, see Pub. 947, Practice Before the IRS and Power of Attorney.

The authorization will automatically **expire** 1 year from the due date (without regard to extensions) for filing your Form 941. If you or your designee want to terminate the authorization, write to the IRS office for your locality using the "Without a payment" address under *Where Should You File* on page 4.

Part 5: Sign here— Who Must Sign the Form 941?

Form 941 must be signed as follows.

- **Sole proprietorship**— The individual who owns the business.
- **Corporation (including an LLC treated as a corporation)**— The president, vice president, or other principal officer.
- **Partnership (including an LLC treated as a partnership) or unincorporated organization**— A responsible and duly authorized member or officer having knowledge of its affairs.
- **Single member limited liability company (LLC) treated as a disregarded entity**— The owner of the limited liability company (LLC).
- **Trust or estate**— The fiduciary.

Form 941 may also be signed by a duly authorized agent of the taxpayer if a valid power of attorney has been filed.

Part 6: For Paid Preparers Only (optional)

You may complete Part 6 if you were paid to prepare Form 941 and are not an employee of the filing entity. Sign in the space provided and give the filer a copy of the return in addition to the copy to be filed with the IRS. Do not complete Part 6 if you are filing the return as a reporting agent and have a valid Form 8655, Reporting Agent Authorization, on file with the IRS.
